

Concrete Hopper

Concrete Hopper - The self-dumping hopper accessory could automatically start to both dump and release when the bumper release contacts the side of a dumpster. After unloading is finished, the hopper is able to return to original locked and upright position. This piece of equipment also comes together with a cable that allows operation from the seat of the forklift so as to have the choice of manually unloading the hopper. There is a locking chain provided to be able to secure the hopper to the tire truck. This particular product is made with consistent and reliable robotic welds for utmost strength. The forklift dumping hopper likewise has a blue powder coat finish in order to maintain durability.
