

Lull Telehandler Parts

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement since the year 1959. Whether the job entails landing loads on scaffoldings, transferring loads or positioning heavy steel, utilizing a Lull telehandler will really help make the work go easier and faster. These units are available together with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The Lull horizontal load placement system supplies eighty inches of boom travel for precision placement capabilities. A wide range of optional accessories is available for Lull telehandlers in order to help finish whichever task.
