

Rockwell Parts

Rockwell Parts - AxleTech International is a leading supplier in the globe of specialty vehicle drive-train systems and parts along with off highway vehicles. The company prides itself on being its clients' chosen supplier. AxleTech strives to exceed and meet their clients' expectations for technology, delivery, quality and service. They believe in working within an atmosphere that supports the highest integrity with empowered teamwork, along with a unyielding pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They put great importance on being an environmentally conscious company and providing a safe atmosphere for their employees to work in. In addition, they have applied various programs in the corporation in order to help convey these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with any comments or questions, as they are glad to promote and share this policy with a greater understanding of their efforts. They are really dedicated to improving and preserving the natural environment. AxleTech has an EHS program which not only protects the environment but which also actively protects their workers and neighbors also.

AxleTech specializes in the manufacture and designing of planetary axles for both military and commercial applications, which could comprise anything from construction equipment to airport ground support. They take great pride in being an innovative drive-train solutions provider too. AxleTech specially designs axles in order to meet certain application demands. They have more than one thousand different axle specs within their existing offering. With more than one hundred years of experience and history, AxleTech proudly supplies the most complete solution for any of your axle needs. The business is well known in many military and commercial applications. They offer complete axle assemblies for aftermarket replacement needs, together with servicing axle requirements for OE production. Their high mobility ISAS have extra details which can be found in the "ISAS" product collection.
